Here at Happy Trails Pet Spa & Resort, we value your pet as much as you do. We will treat them with the utmost respect and dignity at all times.

Occasionally, we may uncover or aggravate hidden conditions or existing injuries.

In the event of a medical emergency we request permission to obtain immediate veterinary care for your pet.

Please initial the following agreement statements.

1. I agree to inform my pet stylist of any and all health problems before any grooming takes place.

(This includes any skin or food allergies, heart or thyroid conditions, any previous broken bones or ligaments and also any genetic disorders.)

2. My dog is neither pregnant, nor nursing.

3. Matting is a serious problem for pets. When the fur gets matted, the skin is no longer able to breathe properly, thus causing irritations which we may not find unless the animal is shaved. Some conditions we may run into might be, lesions, blisters, bald spots, or in extreme cases, insect infestations. I understand that I (owner) will be liable for any skin damages due to matting.

4. Elderly pets often require special handling during the styling process. Elder dogs often need breaks as they may be unable to stand for extended periods at a time. The grooming experience can be traumatic for the elderly dogs. There may be loud noises, such as the commercial hair dryers and grooming equipment which may alarm the pet. We attempt to keep your pet calm, safe and composed during all grooming.

5. Pet owners that request grooming acknowledge that it may be necessary to use leads or muzzles to restrain their pets during grooming activities.
